Model No: HDP2233141

(Pedal Faucets)

Specifications:

- the use of a special mechanism
- Infection control features
- Hands- free operation
- High durability
- Constant 6 liters output pulse reduce (perlator)
- Commercial applications
 - Hospital and health care
 - Business and office locations

Color Palette:

Chrome

Water Saving 40%

Model No: HDT2233165

(Timing Faucets)

Specifications:

- The body of brass with chrome plating
- Spanish Sedal Cartridge
- Adjustable time
- Constant 6 liters output pulse reducer (perlator)

Model No: HD02233251

(Automatic Kitchen)

Specifications:

- Spout: Plated Solid Brass
- Power: 4 (AA) Batteries or DC Adapter
- Battery life expectancy: 300,000 cycles
- Working Water Pressure: 0.5 bar -6 bar
- Supply Inlet Size: 1/2" NPT Male
- On-Off System: Automatic opening when hands comes and automatic closing after hands have been removed
- Anti-blocking system with additional time set of 5 minutes to prevent over flow
- Equipped with a 40mm mixer cartridge

Color Palette:

Chrome | Gold | White

Model No: HD02233149

(Touch Kitchen)

Specifications:

- Spout: Stainless Steel
- Power: 4 (AA) Batteries or DC Adapter
- Battery life expectancy: 300,000 cycles
- Working Water Pressure: 0.5 bar- 6 bar
- Supply Inlet Size: 1/2" NPT Male
- Touch Function system: is an electronic faucet system that allows you to start and stop the flow of water with the touch of your finger-tips., wrists- even forearms.
- Equipped with a 40mm mixer cartridge
- Anti- blocking system with additional time set of 5 minutes to prevent over flow

Color Palette:

Stainless Steel

Model No: HD022366B

(Automatic laboratory/ scrub/kitchen)

Model No: HD022366

(Automatic laboratory/ scrub/kitchen)

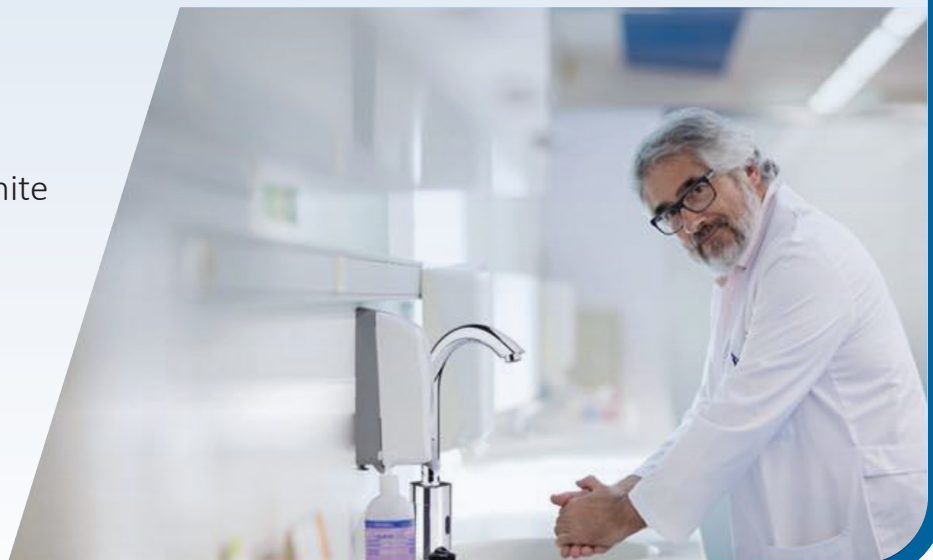

Specifications:

- Spout: Plated Solid Brass
- Power: 4 (AA) Batteries or DC Adapter
- Battery life expectancy: 300,000 cycles
- Working Water Pressure: 0.5 bar -6 bar
- Supply Inlet Size: 1/2" NPT Male
- On-Off System: Automatic opening when hands comes and automatic closing after hands have been removed
- Anti-blocking system with additional time set of 5 minutes to prevent over flow
- Equipped with a 3-position temperature limiter

Color Palette:

Chrome | Gold | White

Model No: HD02233622

(Automatic Shower)

Specifications:

- Spout: Stainless Steel
- Power: 4(AA) Batteries or DC Adapter
- Battery life expectancy: 300,000 cycles
- Working Water Pressure: 0.5 bar -6 bar
- Supply Inlet Size: 1/2" NPT Male
- Momentary system: Automatic shut-off after body have been removed
- Anti- Blocking system with additional time set of 5 minutes to prevent over flow
- Equipped with a 40mm mixer cartridge

Color Palette:

Chrome | White

Model No: HD02233118

(Automatic Basin)

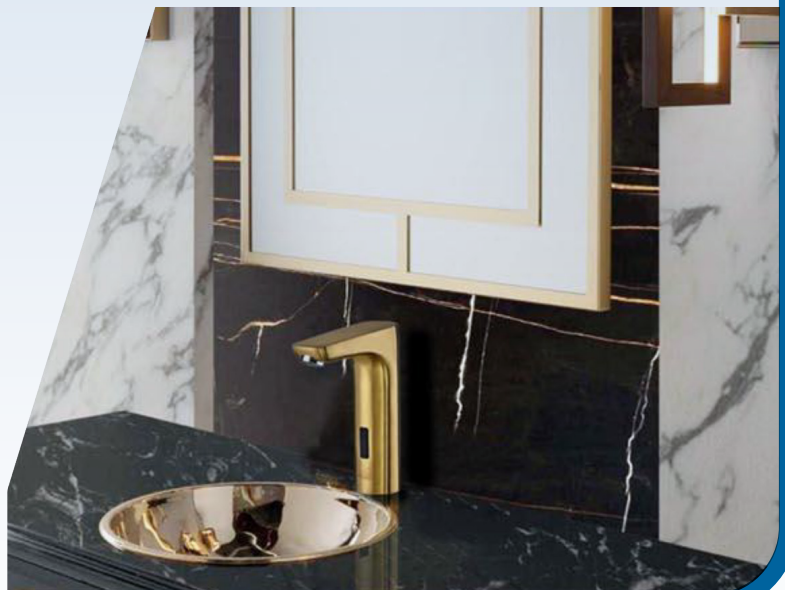

Specifications:

- Spout: Plated Solid Brass
- Power: 4 (AA) Batteries or DC Adapter
- Battery life expectancy: 300,000 cycles
- Working Water Pressure: 0.5 bar -6 bar
- Supply Inlet Size: 1/2" NPT Male
- Momentary System: Automatic Shut-off after hands have been removed
- Anti-blocking system with additional time set of 5 minutes to prevent over flow
- Equipped with a mixer tee water

Color Palette:

Chrome | Gold | White

Model No: HD02233128

(Automatic Wall tap/ Scrub)

Specifications:

- Spout: ChromePlated Solid Brass
- Power: 4(AA) Batteries or DC Adapter
- Battery life expectancy: 300,000 cycles
- Working Water Pressure: 0.5 bar -6 bar
- Supply Inlet Size: 1/2" NPT Male
- Momentary system: Automatic shut-off after hands have been removed
- Anti- Blocking system with additional time set of 5 minutes to prevent over flow
- Equipped with a mixer tee water

Color Palette:

Chrome

Model No: HD02233110

(Automatic Basin)

Specifications:

- Spout: Plated Solid Brass
- Power: 4 (AA) Batteries or DC Adapter
- Battery life expectancy: 300,000 cycles
- Working Water Pressure: 0.5 bar -6 bar
- Supply Inlet Size: 1/2" NPT Male
- Momentary System: Automatic Shut-off after hands have been removed
- Anti-blocking system with additional time set of 5 minutes to prevent over flow
- Equipped with a 3-position temperature limiter
